Dear valued customers,

We would like to share with our business partners that Global EPP Ltd. has successfully concluded the sale of extruded plastics business (POM,PA6E,PET) to the Polimersan Group as of September 2014.

The markets in the NAFTA countries will continue to be served by Global EPP INC. Ambridge, PA. GLOBAL EPP INC. which is owned by the Schwartz Group.

Polimersan with its headquarter located in Istanbul has more than 30 years of experience in production and distribution of engineering plastics. Polimersan with an added POM /PA6 capacity of 5000 tons/year has become one of the major producers in the world.

We would like to recommend Polimersan as your future supplier for extruded engineering plastics and have no doubt that Polimersan will be in close cooperation with you as it has been the case with Global EPP. We strongly believe that Polimersan will provide you a high class service through their wide range of products in conformance with high quality standards , technical support and fast deliveries.

The Schwartz Group, being World Market Leader for custom casted plastic solutions will focus on the core business of PA6 Cast Component production which is strongly growing worldwide.

Regarding the future activities, the close relationship between Schwartz Technical Plastic's and Polimersan's Group of companies will continue both technologically and commercially.
